SECTION 004513 – BIDDER QUALIFICATIONS

PART 1 - GENERAL

1.1 SECTION INCLUDES

- A. This section identifies the qualifications that the Bidder shall meet prior to award of the Contract.
- B. These Bidder Prequalification work experience requirements forms are required at time of bid and approved by the Engineer to be considered a prequalified contractor prior to contract award.

1.2 DEFINITION OF TERMS USED IN THIS SECTION

- A. “Successfully performed and completed” and “Successful performance and completion” as used in this section refers to a complete installation and acceptance of the installation by the project owner.
- B. Project Field Superintendent/Supervisor.
 - 1. The Project Field Superintendent/Supervisor shall be the employee of the Contractor or Skatepark Subcontractor who directs and coordinates the Contractor’s or subcontractors’ daily physical construction activities in the field.
 - 2. Responsibilities of the Project Field Superintendent/Supervisor include, but are not limited to:
 - a. Physically overseeing, coordinating and scheduling day to day construction work.
 - b. Coordinating with subcontractors and the Engineer as needed for the execution of the work.
 - c. Responsible for the day to day execution of the work.
- C. “Similar project” as used in this section means a project similar in character to the work required by this Contract. The “similar project” shall also be equal or greater in scale and complexity than the work required by this Contract.
- D. Foreman/Alternate Foreman: Employee of the Contractor or Subcontractor working in their area of expertise in direct control of the work at the craft level. This employee should be a resident of the Mid Atlantic area and have sufficient experience building skateparks in the Mid Atlantic Climate.

1.3 QUALIFICATIONS OF BIDDERS

- A. Contractor Experience: Skateparks are not considered standard concrete flatwork; they require unique shapes, such as concave and convex features and finishes, and the sculptural blending of
